KenteCraftERP

WEAVING, PRODUCTION & STORE MANAGEMENT

A connected platform for store operations, textile production, artisan coordination, supply-chain activity and business oversight.

AT A GLANCE

A concise overview of the dashboard indicators and principal functional areas shown in the supplied source document.

GH¢ 21,550.00	GH¢ 6,620.00	2
SALES THIS MONTH	NET PROFIT (GL)	LOW-STOCK SKUs

Note: Figures reflect the captured dashboard state in the source document and may change.

STORE & SALES	PRODUCTION & ARTISANS	FINANCE & OVERSIGHT
POS, product catalogue, inventory, customer and wholesale workflows.	Producer records, contracts, advances, milestones, deliveries and quality control.	Accounting workspace, executive analytics, staff administration and payroll.

ENABLING COMMERCE, DELIVERING TRUST

01 / STORE & SUPPLY CHAIN

The store and supply-chain workspaces bring sales activity, product and stock visibility, purchasing, dispatch coordination and supply-network operations into one navigation structure.

STORE & SALES

Store Dashboard	Overview of monthly sales, net profit (GL), low-stock SKU count and a sales trend chart.
POS Terminal	Workspace for processing customer purchases at the counter.
Product Catalog	Central listing of products offered by the store.
Stock & Inventory	Stock visibility and inventory monitoring, including low-stock awareness.
Sales & Dispatch	Sales processing and dispatch or delivery coordination.
Customers & Wholesale	Customer records and wholesale-oriented sales relationships.
Raw Materials & Purchasing	Purchasing and tracking of business raw materials.
Operating Expenses	Recording and oversight of day-to-day operating costs.

SUPPLY CHAIN

Depot Hubs	Organises depot or hub locations across the supply network.
Global Logistics & DHL	Logistics coordination, including a named DHL workflow area.
Bespoke Regalia	Dedicated area for bespoke regalia work and orders.
Loom Stations & Yarn	Operational tracking for loom stations and yarn-related activity.

CONNECTED OPERATIONS

The visible module structure connects store activity with raw materials, stock monitoring, logistics and bespoke work. Specific workflows may vary by system configuration.

02 / ARTISANS, PRODUCTION & OVERSIGHT

The production and back-office areas provide structured workspaces for artisan records, production agreements, progress tracking, deliveries and business administration.

ARTISANS, PRODUCTION & DELIVERY

Weavers Guild Registry	Registry for weavers and guild-related records.
Production Contracts	Workspace for production agreements and contracted work.
Artisan Advances	Tracks advances associated with artisans.
Loom Milestones	Tracks milestones in loom or production work.
Deliveries & QC	Delivery coordination and quality-control workflow.
Producer Settlements	Records producer settlement activity.
Artisan Self-Service	Dedicated self-service entry point for artisans.

FINANCE, ANALYTICS & PEOPLE

Double-Entry Accounting	Accounting workspace identified in the navigation for double-entry financial management.
Executive Analytics & BI	Executive reporting and business-intelligence area.
Staff & Payroll	Staff administration and payroll workspace.

ONE ERP. CONNECTED WORKFLOWS.

KenteCraftERP’s visible navigation brings store activity, materials, production, artisan services, logistics and back-office oversight together. This overview describes the modules and dashboard indicators shown in the supplied source document and does not assume unverified sub-features.
