PROFESSIONAL SCHOOL MANAGEMENT SYSTEM

SchoolERP

Proposal & Feature Catalogue

A complete, multi-portal school management platform connecting administration, academics, teachers, students and parents through secure role-based access.

MULTI-PORTAL	CONNECTED	SCALABLE
Admin, staff & parent access	One school ecosystem	Single school or multi-branch

© TondeSoft Ltd — Confidential Product Brochure

A Multi-Portal School Management Platform

SchoolERP is designed as a multi-portal solution, allowing different categories of users to log in through their own secure portals and access only the functions relevant to their responsibilities. This creates a connected digital ecosystem while maintaining appropriate separation of duties and information.

PORTAL	ACCESS & PURPOSE
Administration Portal	School management and authorized administrators can manage students, admissions, academics, finance, staff & HR, operations, communication, reports, users, permissions and system settings.
Academics / Staff Portal	Teachers and academic staff can access relevant classes, subjects, timetables, lesson plans, attendance, examinations, mark entry, results, report cards, skills and behavior records.
Parent Portal	Parents/guardians can securely access relevant student information, academic progress, attendance, fees/invoices, report cards, communication and other school services made available to them.

Integrated Digital Communication & Payments

FEATURE	CAPABILITY
SMS Integration	Send school notices, reminders, alerts, fee notifications, attendance messages, announcements and other approved communications to parents, guardians, staff or other recipients.
WhatsApp Integration	Support school communication through WhatsApp for relevant notifications, reminders, engagement and approved messaging workflows.
Mobile Money Integration	Enable digital fee/payment workflows through mobile money integration, helping parents make payments conveniently while supporting payment tracking and reconciliation within the system.

Solution Scope

The SchoolERP platform covers the major operational and academic functions required by a modern school, from student admission and teaching to fees, payroll, parent engagement, campus operations and management analytics. The sections below outline each functional area in detail.

01 Student Management

Manage the complete student lifecycle from admission through progression.

Admissions	Manage admission workflows and maintain organized records from application through enrollment.
All Students	Search, view and manage the complete student register.
Add Student	Create and maintain detailed student profiles.
Student ID Cards	Manage student identification records and ID card administration.
Guardians	Maintain parent and guardian information and link guardians to students.
Student Promotion	Move students to the next class or level while maintaining organized records.

02 Academics

Connect teaching, assessment, attendance and academic reporting in one workflow.

Classes & Streams	Set up classes, streams and academic groupings.
Subjects	Create and manage subjects taught across classes and levels.
Timetable	Organize class and subject schedules.
Lesson Plans	Prepare, organize and manage lesson plans.
Attendance	Record and monitor student attendance.
Examinations	Manage examinations and assessment workflows.
Mark Entry	Enter and manage assessment and examination marks.
Skills & Behavior	Record learner skills, competencies and behavioral observations.
Results	Compile and review academic results.
Report Cards	Prepare structured report cards for parents and guardians.

03 Finance

Digitize billing, fees, accounting and financial support processes.

Finance Overview	View consolidated school financial activities.
Invoices	Create and manage invoices and payment obligations.

© TondeSoft Ltd — Confidential Product Brochure

Bulk Bill by Class	Generate billing for groups of students efficiently.
Fee Schedules	Define and manage school fee structures and payment schedules.
Payments	Record, track and manage student payments received against invoices and school fees.
Feeding Fees	Manage student feeding charges and related fee records as part of the school's finance operations.
Accounting	Maintain accounting records and support financial tracking.
Expenses	Record and monitor school expenses.
Scholarships & Discounts	Manage approved scholarships, concessions and discounts.
Mobile Money Integration	Support digital school-fee payment workflows through integrated mobile money services and payment tracking.

04 Staff & HR

Centralize staff records and workforce administration.

All Staff	Maintain a central staff register.
Add Staff	Create staff profiles and employment information.
Departments	Organize employees into departments.
Staff Attendance	Track staff attendance and availability.
Staff ID Cards	Manage staff identification and ID card administration.
Leave Requests	Receive, manage and track leave requests.
Payroll	Support organized payroll and compensation administration.
Substitute Teachers	Coordinate substitute-teacher assignments.
Performance Appraisals	Support structured staff performance reviews.

05 LMS — Learning Management System

Provide digital learning and computer-based assessment tools.

LMS Dashboard	Provide an overview of learning-management activities.
Online Exams (CBT)	Support computer-based examinations and online assessment.

06 Wellbeing

Support student health, behavior and discipline management.

Health & Clinic	Maintain relevant student health and clinic records.
Behavior & Discipline	Record incidents, disciplinary actions and follow-up activities.

07 Community

Strengthen engagement among school, parents, teachers and alumni.

Parent-Teacher Meetings	Coordinate and maintain parent-teacher engagement records.
Alumni Network	Maintain alumni information and engagement.
Complaints & Suggestions	Receive, record and follow up on complaints, suggestions and feedback.

08 Operations

Manage important campus resources and day-to-day activities.

Library	Manage library-related activities and records.
Hostel	Support boarding/hostel administration.
Transport	Manage school transport information and operations.
Inventory	Track school assets, supplies and inventory.
Calendar & Events	Plan and manage school events and important dates.
Visitor & Gate Log	Record and monitor visitors and gate-entry activities.

09 Insights & Communication

Keep stakeholders informed and turn school data into actionable insight.

Communication	Support structured school-wide communication and information sharing.
SMS Sending	Send approved bulk or targeted SMS notifications, reminders and alerts.
WhatsApp Integration	Support WhatsApp-based communication and approved notification workflows.
Chat	Enable direct communication among authorized users.

© TondeSoft Ltd — Confidential Product Brochure

Analytics	Turn school data into useful insights for monitoring trends and decision-making.

10 System Administration

Maintain secure access, configuration and accountability.

Users & Permissions	Control accounts, roles and access rights.
Settings	Configure system-wide preferences and settings.
Database Tools	Provide administrative data-management tools.
Audit Log	Record relevant system activities for traceability and oversight.

11 Multi-Branch Management

Provide centralized management for institutions with multiple branches or campuses.

Branch Manager	Manage multiple branches or campuses from a coordinated environment.
Global Report	Generate consolidated reports across branches for group-level oversight.

12 Multi-Portal Access

Give each stakeholder group a dedicated experience while keeping the school connected.

Administration Portal	Secure access for management and authorized administrators to manage school-wide operations.
Academics / Staff Portal	Dedicated access for teachers and academic staff to perform teaching and assessment functions.
Parent Portal	Secure parent/guardian access to relevant student, academic, attendance, fee and communication information.
Role-Based Access	Ensure users see and use only the modules and information assigned to their roles and permissions.

THE TONDESOFT SCHOOLERP ADVANTAGE

A Smarter Way to Run a School

ONE CONNECTED SYSTEM
Bring school administration, academics, finance, HR, communication and operations together.

MULTI-PORTAL EXPERIENCE
Provide separate, role-appropriate portals for administration, academics/staff and parents.

DIGITAL COMMUNICATION
Use SMS, WhatsApp and in-system communication to keep stakeholders informed.

CONVENIENT PAYMENTS
Support integrated mobile-money payment workflows for school fees and payment tracking.

BETTER ACCOUNTABILITY
Use roles, permissions and audit logs to strengthen governance and oversight.

SCALABLE MANAGEMENT
Support single schools or institutions with multiple branches and consolidated reporting.
